

# Play Dough Recipe

Yield : 2 portions

## You will need

1/2 cup of salt

1 cup of plain flour

2 tablespoons of cream of tartar

1 cup of water

1 tablespoon oil

food colouring

## Instructions

1. Split the ingredients over two bowls and stir, combining well.
2. Place one of the bowls into a saucepan over a medium heat and add your colouring, stirring well. A chemical reaction happens all of a sudden and your gloopy mess will become quite sticky, then clumpy.
3. Then ball up into your Play Dough.
4. Repeat with remaining mixture and add different colour.
